

# MUCF and the Use of EPPO Codes and common names in EUMUDA

Flora Limache, Technical Expert

# EU Minor Uses Coordination Facility

- ▶ **Coordinator** started work **September 2015**
- ▶ MUCF is **fully staffed** since **November 2016**
- ▶ **Minor Uses** “... in a particular Member State on plants ... which are **not widely grown** in that Member State, or ... to meet an **exceptional** plant protection need”
- ▶ Minor uses represent **3%** of cultivated area but **22%** of value of EU plant production
- ▶ **Mission** is to “enable farmers in the EU to produce high quality crops by filling minor uses gaps through efficient collaboration to improve availability of **chemical** and **non-chemical tools** within an IPM framework”

# EU Minor Uses Coordination Facility

- ▶ Working with existing **Commodity Expert Groups**
- ▶ Maintenance of a data base on minor uses: **EUMUDA**
- ▶ Funded initially by **EU, France, Germany** and **Netherlands**
- ▶ **Long term funding strategy**; other funders welcome!

# Content of EUMUDA

- ▶ Table of minor uses needs of European Member States
- ▶ Minor uses projects
- ▶ Table of national crops areas (EUROSTAT)

The screenshot shows the homepage of the EUMUDA (European Union Minor Uses Database) website. At the top, there is a navigation menu with links for 'MINOR USES TABLE OF NEEDS', 'PROJECTS', 'NATIONAL CROPS AREAS', 'HOME', and 'LOGOUT'. Below the navigation bar, the title 'EUMUDA European Minor Uses Database' is displayed. The main content area features a welcome message: 'WELCOME to the European Union Minor Uses Database EUMUDA!'. It explains that EUMUDA is an important tool to collect the minor use needs from Member States, to follow up on these needs and to manage all projects. The website also provides information on what can be found in EUMUDA, including a table of minor uses needs from Member States, a list of minor uses needs in progress or completed, and a list of minor uses needs in progress or completed. A map of Europe is shown, color-coded by country: green for 'Minor uses needs', orange for 'Minor uses projects', and blue for 'EU Member States'. A legend below the map identifies these categories.

# Table of needs

- ▶ A minor use need has been identified and entered in EUMUDA

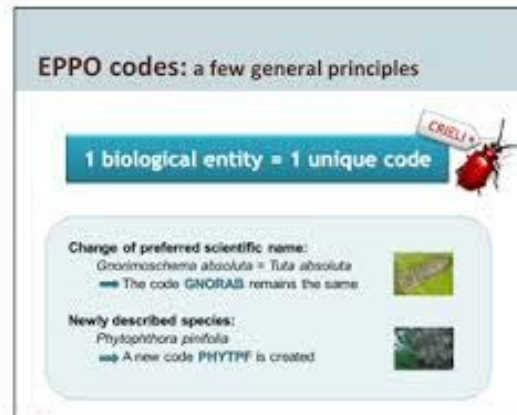

- ▶ Minimum data:

1 crop

1 pest

1 Member State

1 date

- ▶ Case will be displayed in the "Minor Uses table of needs"
- ▶ Every case has a unique number

EPPO codes are used for crops and pests

Efficacy

# Use of English common names

- ▶ Crops and pests
- ▶ In table of needs and projects
- ▶ From EPPO global database
- ▶ Selection of one preferred English common name: specificity of name, use in professional language (crop protection), simplicity of name, alphabetical order

## Overview

### Basic information

- ▶ **EPPO code:** DROSSU
- ▶ **Preferred name:** *Drosophila suzukii*
- ▶ **Authority:** (Matsumura)

### Common names

Name	Language
<input type="text" value="Search..."/>	<input type="text" value="- select -"/>
cherry drosophila	English
spotted-wing drosophila	English (US)
drosophile du cerisier	French
drosophile à ailes tachetées	French (CA)
Kirschessigfliege	German
outô-shojobae	Japanese
オウトウショウジョウバエ	Japanese
drosófila-da-asa-manchada	Portuguese
Азиатская ягодная дрозофила	Russian
drosófila de ala manchada	Spanish
